More business is surging in than any previous period in the store's history. Thus far this season we have made enormous gains over last year's business—a record of which we are justly proud. There's a reason for it. We have worked hard for your benefit and the results are the most flattering testimonial to that energy which works unceasingly to serve you to best advantage all the time.

People naturally seek the store that provides the best values—and by that token we win your trade by deserving it.

We have planned tomorrow's great One-Day Sale with the laudable ambition of eclipsing the best record of the past—and the values are such as will help us to reach that goal.

Every item in tomorrow's list has a story back of it—a story of extra preparation—extra effort—extra achievement—to result in greater buying opportunities for you—and greater prestige for us.
